

**NON-CONFORMING MATERIALS LIST
INBOUND QUALITY CONTROL PROGRAM
LIST OF PROHIBITED/EXCLUDED MATERIALS**

Youngstown Iron & Metal and Atlas Recycling, Inc. are dedicated to recycling your materials in a safe, efficient and environmentally responsible manner that complies with federal, state and local laws. To this end, we **cannot** accept the following materials:

Free-flowing liquids associated with scrap (e.g., gasoline, oil paint, anti-freeze, lubricants, and water.)

Non-Metallic Materials (e.g., garbage, wood, concrete, plastic, glass, cardboard, paper, rags, dirt.)

Radioactive Materials of any type (e.g., military scrap, medical scrap)

Scrap Containing Residue from Hazardous Materials/Wastes such as PCBs, Asbestos, Freon/CFCs, Mercury, Cadmium, or Lead. Examples of these materials include:

- PCB-containing light ballasts-these are not marked
- PCB-containing capacitors
- PCB-containing transformers
- Automobile Air Bags
- Lead Wheel Weights
- Battery Terminals
- Mercury
- Fluorescent Light Fixtures
- Any light bulbs
- Microwaves
- Appliances containing Refrigerants (Freon)

All Freon must be removed and certified by contract or by each individual load by law.

Explosives of any type.

Corrosive Materials, except batteries when segregated and purchased separately.

Poisons, Infectious Materials or Chemicals in Solid, Powder, Liquid or Gaseous Form (e.g., medical scrap, fertilizers.)

Pressurized or "Closed" Containers (e.g., propane tanks, compressed gas tanks, aerosol cans, intact/uncut bulk storage tanks.)

Flammable Materials (e.g., gasoline, kerosene.)

In accordance with applicable laws, we enforce our inbound scrap quality program using specialized equipment (i.e., radiation detectors), supplier contracts (i.e., Vendor Material Control contracts), and careful inspection of incoming scrap loads and vehicles.

We appreciate your continued business, and we thank you for your continued support of our scrap metal inbound quality program.
